

Anti-SEQ chimeric mAb (1057), human IgG1

Catalog #: **0221-101**
 Lot #: **220S1406-002**

Immunogen: Recombinant protein of Staphylococcus aureus enterotoxin Q with proprietary mutation.

Description: Macaque-derived chimeric monoclonal antibody against S. aureus enterotoxin Q (1057)

Supplied: 100 µg is supplied in PBS at a concentration of 1 mg/mL.

Purification: Antibody is purified using immobilized protein A/G.

Clonality: Monoclonal of the chimeric human IgG1 isotype.

Storage: 2-3 weeks +4°C, -80°C long term.

Recommended Dilutions: N/A

WB: N/A

ELISA: Assay-dependent dilution. The antibody can be used as primary antibody against recombinant S. aureus enterotoxin Q in a capture ELISA assay.

Neutralization: Assay-dependent dilution. The antibody can be used as a neutralizing antibody against S. aureus enterotoxin Q in the cell-based neutralization assay.

mAb 1057 neutralization in Green
